

STUDY HALL GUIDELINES

Welcome Center/Social Study Hall Guidelines:

- Do not roam the hallways. If you need to use the bathroom, please use the ones in the Awing.
- You may sit in the hallways or at the tables in the Welcome Center. When the weather is nice, you may sit outside at the front of the building. **Always sit where you are in view of the monitor.**
- Quiet conversation is perfectly acceptable. Please be sure your voices do not carry further than the group you are sitting with. This especially needs to be remembered when playing a game or in a large group.
- Food and snacks are permitted as long as no crumbs or wrappers are left behind.
- Music is only allowed with earbuds.
- The Social Study Hall is open between 8:00-4:45

LL108/Quiet Study Hall Guidelines:

- Do not hang out in stairwell or hallway. There is a bathroom right across the hall from LL108.
- This room is to remain quiet for students to do work. There are tables you can set up to use but please put them back down if no one comes in the room after you.
- Music is only allowed with earbuds.
- Snacks are permitted as long as no crumbs or wrappers are left behind.
- The Quiet Study Hall is only open when there is a monitor present in the hall outside the room.
